

Area Organized to Launch War Savings Pledge Drive To Canvass Every Citizen

DISTRICT COMMITTEES FORMED IN EVERY COMMUNITY THROUGHOUT AREA; EXPECT TO START HOUSE-TO-HOUSE CANVASS ON MONDAY

Organization of the M-S-A Area to carry out its part of the national War Savings Campaign this month is proceeding without a hitch and with but one or two districts still to line up everything is now in readiness to launch the drive for Bank and Honor pledges. This drive awaits only the arrival of supplies in the form of the pledges, house cards, buttons, report forms, etc., with which to equip the small army of men and women who have volunteered to conduct the house-to-house canvass. These supplies are expected to arrive in time to permit their distribution and launching of the drive at the first of next week.

One or two meetings have been held daily during the past week in order to organize each of the dozen districts into which the Area has been divided by Harvey Henderson, Rev. A. J. Loughton and committee of the Territorial Division. In each of the districts meetings have been sponsored by one or more organizations and the plan of campaign outlined by Campaign Chairman A. S. Towell or other speakers from the main committee.

As a result of these meetings, the following district committees have resulted, according to reports up to presstime:

UPPER SUMAS—Chairman, Mrs. J. Leavitt; Matt Anderson, Frank Marshall; 23 canvassers reported awaiting the signal to start.

POPLAR—Chairman, W. S. Hill-Tout; J. Aitken, Farmers' Institute; Mrs. T. D. Smith, Women's Institute; H. C. Green, United Church. Organized Friday night, met Tuesday night to complete details.

BRADNER—John Stech, G. H. Leach, A. S. Hansen, Mrs. Nichol. **ABERDEEN**—Mrs. A. E. Gledhill, Mrs. H. Fowles, Mrs. J. K. Gledhill, Ben Smith. Sponsored by Community Club.

HUNTINGDON—Mrs. J. W. Winson, Mrs. J. I. Martin, Mrs. T. Harris, Mrs. W. T. Paterson, W. I. and P. T. A. in charge.

RIDGEDALE—Mrs. G. A. Crist, Mrs. Bert Sanders, Mrs. Nelson Guernsey, Mrs. Roy Machell, Mrs. John Reid, R. S. Adams and Bert Sanders. Red Cross unit auspices. **JUBILEE**—C. W. March, Mrs. Marsh, A. Harnsted, A. Gibson, W. McCormick.

MOUNT LEHMAN—Reeve Jas. Simpson, Coun. Robt. Sidle, J. McDonald, Malcolm McAskil, Miss Lindsay.

ABBOTSFORD—H. McFadyen, Miss G. Caldecott, Mrs. C. Christie, Miss I. Smith.

With reference to the efforts of the Mennonite Community in the Area, M-S-A War Savings Committee informs THE NEWS that:

"Members of the Mennonite section of the community are undertaking to pledge themselves to buy Certificates in a Dominion of Canada loan known as Registered Non-Interest-Bearing Certificates— which read: 'The proceeds will be used by the Government to finance expenditures to alleviate distress or human suffering due to the war.' A member of the M-S-A War Savings Committee met with the leaders of the Mennonite church who heartily endorsed the plan and immediately requested 1000 applications."

WATER AND ROADS ABSORBED VILLAGE FINANCES IN 1940

Annual financial report of the Corporation of the Village of Abbotsford, published on page three of this issue, reveals that total receipts in 1940 exceeded \$12,000. Of this revenue, about half is represented by taxes, licenses, fees and government grants, the other half being derived from public utilities, which produced \$4548, and from tax sale lands. In turn over \$5000 was expended on the utilities plus \$2400 on the "new water supply system" while \$2800 went to roads and \$327 to sidewalks. Social services cost \$600. The statement shows a cash balance at Dec. 31 of \$27 and bills payable, largely represented by the waterworks expenditure, amounting to \$1456.

Buy War Savings Certificates

War Savings Certificates

Take a look, everybody, at the above title, War Savings Certificates. Concentrate especially on the middle word, savings. This month a drive is on to get each man, woman and child in Canada to buy these certificates to the limit of his ability for the duration of the war. But your purchases do not constitute a donation, they are an INVESTMENT. You are asked, not to give, but to LEND, as is explained in an editorial elsewhere in this paper.

Everybody wishes he could save more than he does from his ordinary income. Here is the best possible opportunity for putting your own savings on a regular and systematic plan, while at the same time helping to provide the vast sums needed to finance Canada's war effort.

After the war we shall inevitably experience hard times. It is then that you will be devoutly thankful that you are now practising self-denial and are saving every penny you can spare for investment in War Savings.

But not only you will benefit; the whole nation will benefit. The great post-war problem will be to demobilize our war industries, to turn our factories and workmen back from manufacture of munitions to manufacture of peace-time goods. Then will be the danger that the wheels of industry will simply grind to a stop, leaving us with a depression that will be far worse than that of 1930-33.

It is then that the War Savings Certificates will mature, returning to your hands and the hands of all your fellow citizens a flood of purchasing power that will create a great demand for peace-time goods. And this demand will keep the wheels of industry turning; it will make it possible for our plants to return to the manufacture of all those things that we buy in ordinary times but must deny ourselves until victory is ours.

In that way we shall minimize the inevitable post-war depression. That is why you are being asked to SAVE and LEND, rather than to GIVE your money.

Valley Library Circulates 226,000 Books During 1940

J. W. WINSON, CHAIRMAN, AND DIRECTORS ARE RE-ELECTED AT ANNUAL MEETING HERE; GOOD REPORTS RECEIVED FROM ALL DEPARTMENTS

Considerable advance in book service to the schools and a marked increase in children's reading was stressed by Chairman J. W. Winson during his address at the annual meeting of the Board of Management of the Fraser Valley Union Library, held in library headquarters, Abbotsford, on February 5.

LOWEST IN COST

The meeting, which was largely attended by representatives from the various municipalities and Boards of School Trustees, heard a report from Librarian R. Bruce Carriek showing continued progress throughout the year, especially in children's work. He announced service to three additional schools had been given, and that there had been a steady increase in the number of registered adult and juvenile borrowers in the valley. He pointed out that whereas the Fraser Valley was getting book service at a cost of 35c per capita, Vancouver Island was paying 40c and the Okanagan Valley 43c.

300 MORE READERS

The Abbotsford branch, which serves many Matsqui and Sumas readers, reported Mr. Carriek, had an increase of over 300 readers and an increased circulation of more than 1500 books over last year. The total adult circulation for the valley was down slightly, he stated, due to the fact that many of the women borrowers were engaged in Red Cross and other patriotic activities.

BUDGET FINANCES

During the year a total of 226,427 books were circulated among the people of the valley, of which number 72,634 were lent to children; 2336 adult and 747 children's books were added to the stock.

The treasurer, Mr. G. F. Pratt, reported that the budget had been closely adhered to, and that finances were in a satisfactory condition. He reported that the library had received \$2000 from the Provincial Government during the year.

Directors Of Cold Storage Are Returned

LOCKER RENTALS SHOWN NEAR CAPACITY; SMALL NET PROFIT REPORTED

Board of directors and the advisory board of the Locker Cold Storage Plant, Abbotsford, (Sumas Co-operative Association No. 2) were returned for another year at the annual meeting of the association held in the Men's Club, on Friday afternoon.

There was a large attendance at the meeting and after hearing the report of the chairman, J. S. Daly, discussing the financial statement and hearing recommendations of the board for 1941 which included provision of slaughterhouse facilities and labor-saving equipment, the meeting voted on a motion by Angus Campbell that the directors be returned.

E. S. Plaxton advocated that voting be by secret ballot and this proved a lengthy procedure. Reeve Alex Houghton of Sumas took the chair and was assisted by H. S. Andrews, president of the Board of Trade, in conducting the balloting. There were about 45 shareholders present and after they had voted individually proxies given by another 40 or so shareholders to several men present were dealt with individually. Final score was 100-0.

AGRICULTURIST TO ADDRESS BOARD OF TRADE MEETING

G. L. Landon, district agriculturist, will be the guest speaker at the Abbotsford & District Board of Trade meeting to be held in the Canadian Legion boardrooms on Monday, Feb. 17, at 8 p.m. Mr. Landon will also show pictures on Flax Growing, a project under discussion by valley farmers. This is the first meeting of the 1941 board and it is expected that a large attendance of both farmers and businessmen will greet President H. S. Andrews and the other newly-elected officers when they assume their duties on Monday night.

Raise Farmers' Standard First, Stevens Urges

SEES MANY DANGERS IN ADOPTING ROWELL REPORT IN WARTIME

"If you want to create disunity in Canada, go ahead with this report. It is dynamite in this respect," declared Hon. H. H. Stevens, reviewing the Rowell-Sirois report for the benefit of fifty representatives of Lower Mainland Junior Boards of Trade at a dinner meeting held in Trinity United church hall, Abbotsford, on Tuesday night.

The speaker found that very little in the report had anything to do with the prosecution of the war and doubted the wisdom of introducing it at this time. Questions of taxation could be dealt with around the table, he declared, and an equitable solution arrived at within five weeks. Rather than quarrel over the report he advocated that all concerned should set about solving the unemployment evil, which should not, he said, be regarded as a fixture, and of improving the lot of the farmers who are entitled to a decent standard of living. The speaker dwelt at length on various aspects of the report in relation to British Columbia and answered questions of the young men present.

Grant Duckworth of Langley presided and delegates were present from all eight junior boards between North Vancouver and Chilliwack. M. M. Shore welcomed the young men on behalf of Abbotsford. Jack Melville of Vancouver expressed appreciation of the dinner arranged by the Ladies' Aid of Trinity United church.

BIRTHDAY SURPRISE FOR HALL SECRETARY

Mr. William Kunzmann, Sr., genial secretary of the Matsqui Hall Association, was taken completely by surprise on Monday evening, Feb. 3, when about thirty members of the Cribbage Club and a large number of friends met at the Matsqui hall in honor of his birthday. Earl Kerr, president of the hall association, placed a candle-lit birthday cake before Mr. Kunzmann who, despite his surprise, was able to blow out all the candles. He thanked the guests with a suitable speech.

Farmer Grapples Prowler

FIFTY DOLLAR REWARD NOW POSTED FOR M-S-A "BEDROOM PHANTOM"

A new series of daring entries by the bedroom prowler who haunted Ridgedale district last month commenced on Thursday morning and resulted in the "phantom's" near capture by Reeve Alex Houghton of Sumas, an even more narrow escape for the thief when he was grappled with Saturday morning by Wm. Menaui, Harris road, Matsqui. A man believed to have been the bedroom prowler was routed Sunday evening by Steve Bodzash, Peardonville road, who, armed with an axe, chased a stranger noticed lurking near his home but failed to overtake the man.

Tuesday morning, about the usual hour for the prowler, who makes his visitations between 1 a.m. and 3:30 a.m., I. S. Parberry returning home about 1:30 a.m., saw a man step out of the front door of the Parberry home, 4371 Boundary road, Sumas, as he drove into his yard. At first he thought it was one of his sons coming to meet him but the figure dashed off towards the barn, quartering to the road. Search failed to reveal the man and no car was heard so Mr. Parberry suggests the thief makes a silent, fairly swift escape by bicycle. Mrs. Parberry had heard someone go upstairs but thought it was her husband. Later investigation revealed clothes of one of the children misplaced, but nothing is missed, Mr. Parberry reports.

REEVE JOINS HUNT

Reeve Houghton has actively participated in the police search since his home was entered early Thursday morning. Mrs. Houghton was first awakened by the presence of the man with a flashlight, her alarmed cry caused the reeve to jump out of bed whereupon the man, apparently armed, threatened to shoot him. The argument which ensued aroused young Jack Houghton, 12, and the latter's approach caused the man to flee the house. He had gathered him a pair of pants and shirt but discarded the garments in his flight after removing \$3.50 cash. M-S-A police officers were on the scene within a few minutes of Mr. Houghton's phone call, but the intruder had vanished. Friday morning, about the same time, the prowler was heard in the Willeman & Iten home, Sumas Prairie, and chased out by J. Iten. Entry was made through windows in these instances.

GRAPPLES PROWLER

When Wm. Menaui, Matsqui, was aroused by the presence of the prowler Saturday morning about 1:30 a.m. he gave chase and pursued the prowler down the gravelled road despite bare feet and pyjamas. He overtook the thief and a fight ensued in which Mr. Menaui believes he severely tore the prowler's face before the much younger man freed himself and escaped. Const. Fred Saunders patrolling the district and checking cars, had met Bert Menaui only a few minutes earlier and the latter, arriving home right after the scrap, went for Const. Saunders at once. Early hours of the morning found 24 constables from all parts of the Lower Mainland concentrated in the district in the vain hope that the man was lying low and could be smoked out. Subsequently it was reported \$4 had been taken the same night from the trousers of Alfred Johnston at John Anderson's, Harris road.

\$5 REWARD

A reward of \$50 has been posted for information leading to the arrest of the prowler who is believed to be about 5 feet 10 inches in height, fairly well built, and probably bearing scratch marks on his face. While he is reported to have secured a revolver in one of his raids, this is also said to have "clicked" as if empty when the man is reported to have used it to threaten Mr. Menaui.

WILLIAM PEERS

Private funeral services were held in North Vancouver at 3 p.m. Tuesday, Feb. 11, for William Peers, father of Mrs. L. J. Kettle of Poplar. Deceased was born in England in 1869 and had resided in B.C. for the past 33 years.

Girl Dispatch Riders Play Their Part in Campaigns Against Italians

Serving behind the fighting lines in the African campaign, these girls of the First Aid Nursing Yeomanry are taught stunt riding on motorcycles to give them complete mastery of the machines in rough country.

They are members of the dispatch rider section, recruited from every part of the empire, and are now seeing action on every front as British and South African forces drive at Italian positions from Libya to the Kenya-Ethiopia border.

For Farmers as Well as Businessmen

There is a meeting of the Board of Trade on Monday night that should attract at least as large a representation of farmers as of business men. We would hasten to add that this should be true of every meeting of the Board of Trade as it is an organization that works untiringly for the agricultural interests of the Area but while it is not unusual for the Board to hear an address or see pictures of agricultural interest, farmers rarely support the organization in any numbers. On Monday night, however, the speaker is a man whom every farmer should know by sight if not more familiarly. It is G. L. Landon, recently appointed District Agriculturist in succession to R. G. Sutton who is now in the Interior.

As Les. Eyres, M.L.A., has frequently stressed, farmers of the Fraser Valley do not make sufficient use of the services and information available to them through the Department of Agriculture, so this meeting presents an opportunity for M-S-A farmers to personally meet the man who heads the Department in the Valley. Of additional agricultural interest is the fact that Mr. Landon is bringing with him a moving picture on the subject of Flax Growing, a project which has been engaging the attention of Farmers' Institutes of late.

Helping the War Cause

Nine more veterans of the Great War have added their names to the growing list of pensioners making monthly free-will contributions to Canada's war fund. The contributions range from \$5.00 to \$37.50 per month. One pensioner, resident in Toledo, Ohio, returns his total pension received since August, 1940.

Students in schools, small communities, societies and clubs all join in offerings to the war fund. An Indian, away in North West Territory, sends \$10. From Almirante, Panama, comes \$500 in American funds. Instead of making Christmas gifts, pupils in Room 28, Herchmer school, Regina, forward \$2.25. Three doctors send fees from medical examinations. A resident of Dugald, Manitoba, contributes a five-dollar gold piece, gift of a golden wedding anniversary. A schoolboy in Great Falls, Manitoba, gives a dollar won at school for reciting. An anonymous gift of \$3000 represents 'profits made by a company.'

Many of us may not be able to GIVE to the cause as freely as some of the persons mentioned above, but we can LEND a little each week or month to help the War Cause and, incidentally, ourselves. The War Savings Campaign in progress this month provides us with an opportunity to do so now.

Without Profit To Farmers

A salient fact in relation to the recent action of the Price Control Board in fixing the price of butter has not escaped the attention of the foreign language press in Canada to judge by an editorial, "The Cost of Living," which appears in "Der Courier," a German language weekly published in Regina. This newspaper says editorially:

"The Government has taken all sorts of pains to protect the Canadian public from improper advance in prices, and, towards this end, has given the Price Control Board wide powers. Recently, the Price Control Board was compelled to fix the price of butter. In some farmer circles, especially in Ontario, some agitation seems to prevail. However, as Agriculture Minister Gardiner said so aptly recently, butter today is being sold almost without exception at the new fixed price. However, this butter is all in the hands of cold storage plants and dairies which paid 20 cents at most for it last summer and are now raking in big profits. The farmer, however, isn't receiving a cent of this extra profit."

Let Your Refund do Double Duty

Citizens entitled to a refund on their one per cent. Provincial Income Tax deductions, can make that refund do double duty by investing the money in War Savings Stamps.

They can make that refund earn them interest, and in doing so they can help step up Canada's war effort by making available funds needed to speed up production. The tempo of Canada's war production is measured by the willingness of citizens to co-operate.

Through an arrangement made by the Provincial War Savings Committee with the Provincial Income Tax office it is possible for citizens to take payment of their refunds in war savings certificates. In making out their Provincial Income tax forms, citizens can indicate on a special pink slip their willingness to accept payment of their refunds in war savings stamps.

Any war stamps purchased by such refund's will be credited to the community's drive total. "Help Canada Help the Empire to Stamp out Hitlerism" is the slogan of the Provincial War Savings Committee in this campaign.

CANADA'S WAR EFFORT

Review of Developments on the Home Front in the past week

• Compulsory military training period for young men of 21 extended from 30 days to four months. First period begins on March 15. From 6000 to 6500 to be called each month.

• Objectives for 1941: (a) Provision of 25 Canadian air squadrons for overseas service, graduates of British Commonwealth Air Training Plan (b) Present strength of 36,000 men in air training plan to be doubled and home operations strengthened (c) Increase of Canadian Navy to 413 ships and 26,920 men by March 31, 1942, compared with present strength of 175 ships and 15,319 men (d) Canada to build destroyers and long-range bombers and concentrate on producing weapons not obtainable in the United States.

• To go overseas: Third Canadian Division now training in Canada with complement of corps troops; balance of corp troops for Canadian corps of two divisions now training in England; army tank brigade; Canadian armored division.

• All Canadian graduates of Commonwealth Air Training Plan, whether their service overseas is with Royal Canadian Air Force or Royal Air Force, will wear distinctive Canadian uniforms.

• Recruits needed in 1941 for active army: 40,000 to 80,000 according to wastage and casualties. War industries require 200,000 additional men and women during 1941.

• Army Training school to train tradesmen for all branches of army to be established at Hamilton, Ontario. School will accommodate 2000 students, begin operations about May 1, 1941.

• War expenditures now running approximately \$1,000,000,000 a year. Adding other expenditure plus repatriation operations on Canadian securities held in Britain, expenditures total \$1,700,000,000 a year. Dominion Government revenues about one-half this total. Borrowing needs: \$800 millions to \$900 millions a year.

• January prepayment of Dominion income taxes on 1940 income yielded \$35,000,000. This represents first payments under the eight-months instalment plan.

• Dominion income tax revenues for the first 10 months of the current fiscal year, to the end of January, totalled \$208 millions, compared with \$124,500,000 for the corresponding period of the previous fiscal year.

• Enforced diversion of Canada's peace-time industry to war production indicated. Change-over will be progressive.

• Between August, 1939, and December, 1940, eight city retail food prices indexes recorded following percentage increases: Halifax 15.2, Saint John 12.4, Montreal 10.5, Toronto 7.6, Winnipeg 10.2, Saskatoon 12.1, Edmonton 9.8 and Vancouver 9.1.

• Contracts awarded during week ended January 24 by Department of Munitions and Supply numbered 1776 and totalled \$8,114,772.

• William Percival, general superintendent, Clarke Steamships Limited, Quebec, appointed Director of Shipping, Department of Munitions and Supply.

INDUSTRIAL ARTS INSPECTOR VISITS M-S-A HIGH SCHOOL

Harry A. Jones, inspector of Industrial Arts Education, visited Philip Sheffield High School, Abbotsford, last week and expressed himself as being exceedingly well pleased with the progress being made. He added that the M-S-A centre was outstanding in what it is accomplishing and was pleased with the equipment available here for training purposes. Half of the boys attending the school are taking the course and Mr. Jones said those who qualify in the course will be absorbed in industry or given the opportunity to enter special advanced courses particularly of an aeronautical nature and for which subsistence and other allowances.

Do You Remember? Fifteen Years Ago In the M.S.A. Area From the A.S. & M. News of February 11, 1926

A presentation of a gold watch was made to J. A. McGowan at his home on Tuesday evening by H. McKinnon and R. H. Millard, on behalf of a group of employees at the A.L.M. & D. Co. mill. Mr. McGowan expressed his gratitude, mentioning the regret he felt at severing ties with his fellow-workers.

On the occasion of his sixth birthday Master Murray Ralston entertained a number of young friends at his home Tuesday evening.

Abbotsford representatives to the Laymen's Conference of the Aldergrove B.P.O. Elks for the occasion was doubly auspicious—formal opening of their new \$6,000 home, and the installation of officers. Harry Beetlestone was installed as Exalted Ruler.

Mrs. Crist of Matsqui recently sold her house to Dr. Woods of Gifford, who will later reside in Matsqui.

Tuesday night was a red-letter day for members of the Aldergrove B.P.O. Elks for the occasion was doubly auspicious—formal opening of their new \$6,000 home, and the installation of officers. Harry Beetlestone was installed as Exalted Ruler.

Contending that he was underpaid at the salary of \$75 monthly, Chas. Courtman, municipal clerk and collector for Sumas municipality made application at last month's meeting of the Council for an increase. After some consideration the Council increased Mr. Courtman's salary to \$100 monthly.

Editor, A.S. & M. News,
Dear Sir:

I am sure that all of us agree that the efforts of the Central War Savings Committee to provide a War Savings Stamp for each of the school children in the local area is a very commendable one. However, there are some in the community who do not agree with the raffle method to raise the money, yet, I am sure, would like to assist in the effort. Would it not be possible to have such people leave any donations at a central location such as the News office? Hoping the suggestion will have good fruit.

MONEY, no less than men and machines, is vitally needed to win this war.

YOU can provide that money... and save for your own future... by investing in WAR SAVINGS CERTIFICATES regularly... for the duration.

Go to the branch of The Royal Bank where you maintain your account. Sign one of the special War Savings "Pledge" forms which will enable the bank to purchase War Savings Certificates for you every month automatically.

Once you have signed the form, the bank looks after everything for you... buys the certificates, pays for them out of your account... arranges for them to be delivered to you direct from Ottawa.

This is urgent. Do it to-day. It's a sure way to save... and a practical way to strike your blow for freedom.

MINK RAISING IN B. C. A THRIVING INDUSTRY

FSM-7

Photo Courtesy B.C. Electric Agricultural Division.

With over 200 mink farms in the vicinity of the Lower Mainland and over 600 farms in British Columbia, the raising of mink for their valuable pelts is a thriving, growing industry in the province. Compared with other Canadian provinces, B.C. has only begun in this field, however. Quebec has over 19,000 mink farms. Seen above is Frank Gordon, who with his brother Berniel, owns the Ten Trees Mink Ranch, Livingstone Road, Langley Prairie. Starting three years ago with only 26 breeders, since that time they have pelted 355 mink, their 1938 pelting averaging \$24.50 a skin, the highest average paid for mink on the continent. Since that time the absence of the European market, important factor, has dropped the average price of pelts to \$16. Of interest is the fact that depending on whether male or female mink, it takes 40 to 80 skins to make a coat. The Gordons put electric power to major use on their mink ranch in the operation of a 12-ton capacity cold storage room for the freezing of mink food. Electricity also operates a water pressure system, a fully equipped workshop and other appliances.

SUPPORTS PRESIDENT

WANTS PLANES RUSHED
Taking issue with Col. Charles A. Lindbergh and appealing for "national unity in support of the president," Thomas W. Lamont (ABOVE) declared that prompt and unstinted U.S. aid to Great Britain would assure the defeat of Germany. Lamont, a partner in J. P. Morgan and Co., urged speedy passage of President Roosevelt's lend-lease bill, "with whatever amendments may be essential," and said the country should prepare itself "for anything," possibly war.

FLOWER GARDEN WORK FOR FEBRUARY

Push forward with all digging and planting of deciduous shrubs, as such work should be finished by the end of the month.

Sweep and roll lawns as often as possible.

Look over flower beds and if the frost has lifted any roots push them back into ground.

All dead leaves should be removed.

All climbers should be pruned and tied up, as the sap will soon begin to flow.

Cultivate between bulbs now they are up.

Sweet Peas should be sown now for early flowers.

NEW HERDS JOIN COW TESTING ASS'N

With the completion of Standard Plan testing in Whatcom County for the first month of the new year, testing reports show an increase of three herds, those of R. De Motts of Lynden, E. B. Jacobson and Albert Steiner of Sumas. This brings the number of herds on test to twenty-two, reports the Lynden Tribune. "Twenty-four herds is the maximum one person can supervise, so anyone wishing to test should contact the extension service at once," Mr. Mikota says.

LARGER FLOCKS

In view of the improved market in Canada for mutton, lamb and wool it is likely, states the Current Review of Agricultural Conditions, that there will be a further expansion in sheep raising in 1941.

TIP TO POULTRY TYROS

The advice given to beginners in live stock "to start with the breed you like best" does not altogether hold when it comes to poultry. Better advice, says the Canadian Poultry Handbook, is to start with a breed that has proved profitable in the particular locality. It is easy to get stock of such a breed easy to renew it when new blood is needed, and frequently easy to make sales to other breeders.

TO HELP DAIRYMEN

R. L. (DAVE) DAVIS

Dairymen of British Columbia will be interested to learn that Mr. R. L. (Dave) Davis has recently been placed in charge of the Dairy Feeds and Service branch of the Brackman-Ker Milling Co., Ltd. Mr. Davis is well known to many farmers throughout the Fraser Valley. Dave was born and raised on a large Mid-West Dairy farm. This gave him the foundation upon which he has built a most successful career. Graduating from Montana State College in 1919 he continued his studies at Iowa State College and secured his Master degree in 1920. For the next 12 years Mr. Davis was associate professor of Animal Husbandry at the University of B.C. For the ensuing two years Field Service and plant Supervision of one of the larger commercial dairies in Vancouver occupied his attention. During the last six years Mr. Davis has been employed as Farm Manager at Tranquille Sanatorium Farm, where large Dairy, Beef and Hog Herds were maintained.

In Mr. Davis, "B & K" is presenting to the dairymen of British Columbia a practical man of splendid scientific standing, whose Field work will be of profit to dairy farmers.

GRADING OF WOOL TO BE COMPULSORY

Under a new ruling to become effective April 1, grading of wool in Canada will become compulsory. A. A. McMillan of the Dominion department of agriculture, Ottawa, told the Ontario Sheep Breeders' Association. He said stations for grading will be located in all wool-growing areas.

STURDY CHICKS

BY ELECTRIC
BROODING

Hundreds of Fraser Valley poultrymen recommend electric brooders for producing high-quality chicks. The electric method of brooding means strong, healthy chicks, brooded with less labor, loss, worry and cost. Local tests prove that one-half kilowatt hour is the average amount of electric current used to brood one chick through the entire brooding season, at an average cost of one cent for current used. Your B.C. Electric Agricultural representative will gladly provide you with all facts and details on forced air electric brooding.

Aberdeen

The annual meeting of the Community Club was held in the hall on Wednesday, Feb. 5. Satisfactory report on the year's business was given. Election of officers resulted in the re-election of J. Towlan, president; H. Macey, vice-president; and Mrs. A. E. Gledhill, secretary-treasurer. Cecil Gledhill was elected trustee for two years, taking the place of Leon Prasloski, whose term expired. Ben Smith was elected for one year with Whitey Gledhill serving his second year. Appointed to serve on the executive were Mrs. J. K. Gledhill, J. A. Gledhill, J. Prasloski and Mrs. J. Towlan. Resignation of Mrs. Harry Fowles as social convener was accepted and Mrs. W. Denny appointed to the post.

In connection with the drive for War Savers Mr. A. S. Towell and Rev. A. J. Loughton addressed the community meeting in the hall on Wednesday and Mr. Towell pointed out very clearly how necessary it was for all to do their utmost. A committee of four, comprising Mrs. Harry Fowles, Mrs. A. E. Gledhill, Mrs. J. K. Gledhill and Ben Smith, was formed with Mrs. A. E. Gledhill as chairman.

The Red Cross unit will meet at the home of Mrs. Orwick, Yale road, on Wednesday, Feb. 19.

Mr. and Mrs. Edwards have moved to the house formerly occupied by Roy Weatherby.

Mr. and Mrs. Prosser have moved into Abbotsford.

Mr. and Mrs. Roberts and family of Saskatchewan have bought and taken up residence on the place of J. Sabok, Station road.

Mr. and Mrs. S. Dedeluke, married just recently, are living in the home formerly occupied by Mr. and Mrs. Hjalmar Lundeborg and family.

Miss Svea Lundeborg has returned from Rosedale where she was guest of Mr. and Mrs. R. Johnston for a week.

Aberdeen Women's Community Club held its regular meeting at the home of Mrs. Leon Prasloski on Wednesday, Feb. 5. Mrs. J. K. Gledhill presided. Mrs. A. E. Gledhill consented to take charge of the annual concert which will be staged in March. A quantity of remnants, donated by Vancouver stores, were given out to be made into aprons, etc., for the next sale of work, which will be held in April. Tea was served by Mrs. Mockford, Mrs. Gledhill and Mrs. Denny. Next meeting will be held March 12.

Matsqui

George Cruickshank, M.P., and Mrs. Cruickshank are leaving on Thursday for Ottawa.

According to letters received by Mr. and Mrs. Fred Hansen and Mr. and Mrs. John Olson, Ole Thompson was safe and well in Mandel, Norway, as late as Christmas.

54 in favor of returning the boards for 1941 and 32 against.

The directors will meet this Thursday to resume their administration. They are: Jack Hunter, Matt Anderson, George Beharrell, Nels Sandberg and J. S. Daly. The advisory board consists of Colin Blacklock, Roy Machell and M. M. Shore.

Mr. Daly reported more than 480 lockers had been rented and that the board had been successful in boosting the volume of business but was presently concerned with improving the margin of profit. He outlined the recommendations of the board as mentioned. Copies of the Financial Statement distributed to the shareholders at the meeting showed assets of approximately \$11,000 and a small net operating profit after depreciation allowances on buildings, machinery and equipment.

DIVISION I

ENGLISH

My favourite subject in school is composition. We have one lesson every week on this interesting subject. This week we studied the paragraph. We learned that a paragraph must have a topic sentence which is the opening sentence near the beginning. In writing a paragraph we always indent. We always try to get a good ending or the paragraph seems too abrupt. Here is an example of my work: Our Thanksgiving Dinner

I may have eaten a better meal but I doubt it. In the centre of the table was a dish of delicious fruit salad. At one end of the table stood a plate of snowy-white, fine textured bread with a plate of golden-yellow butter beside it. At the other end there was a plate of brown whole-wheat bread with the same golden-yellow butter beside it. Everyone's cup was filled with steaming coffee or fresh creamy milk running over with bubbling foam. After grace we went to with a will and soon had the table clear of these delicious dainties. Last of all came the lemon meringue pie with creamy, fluffy egg-white on top. We finished this off with a relish that called for more but mother thought we'd had enough. After this we said a short prayer of thankfulness and our Thanksgiving dinner was over. Even tho' we didn't have the turkey that day, we told mother that the meal more than equalled any turkey dinner. —Roy West, Grade 7

MUSIC

Our music period is very interesting. One day we had a quiz which we enjoyed. We usually begin with a new song, then we take theory, and finally we end with a favourite song. We listen to the radio program on Thursdays. At present we are making a music booklet which we expect to finish by June.

—Alice Ehrenholz, Grade 8

SAIL BOATS AND AEROPLANES

First of all, the boys of grades 5, 6 and 7 brought a piece of cedar, a chisel, and a hammer. Then Mr. Stech went away for a month and we never worked on them. Our teacher brought us a good axe to shape the blocks. Some of them look very neat. After we have finished making the boats and aeroplanes we will paint or varnish them. —John Krahn, Gr. 5

LANGUAGE

Grade 1 and 6 are studying all about subjects during language period. We took them up for the first time this morning and though it was the first time this year Mr. Stech was very pleased with our work. —Jim Connor, Grade 6

OUR VALENTINE PARTY

Division I is going to have a Valentine Party on Friday, Feb. 14. The program conveners are Isobel Donaldson, Patsy Allan, Frank Brown and Richard McMahon. The other day Isobel, Lydia, Patsy and Margaret made the Valentine box. It has hearts all around it. Some of the children are bringing cake, cookies and candies. —Leona Weismuller, Grade 6

GENERAL ITEMS

A Burns' Supper was held in Bradner on January 24. They piped in the haggis and then had supper. After supper Mr. Cruickshank, M. P., made a toast to the King followed by a toast from Mr. Towell to the Immortal Memory of Robert Burns. Two other speakers finished the toasts for the night. —Velma Levang

The Bradner Bulb Growers are shipping big golden daffodils.

Marjorie Lehman

Funniest joke of the day: Carl Floe is also home sick (homesick). We hope he won't be ill for long.

The Bradner Junior Red Cross welcomes a new pupil, Master John Ward, to the Club-Sect.

The pupils of Bradner School are lucky that they have not been ill yet. But it seems that we are in for it now. Ruth Allan is home in bed. We wish her a speedy recovery. —Jim Connor, Grade 6

Frank Brown and Joe Breier have over \$5 worth of War Savings Stamps each.

DIVISION II

JUNIOR RED CROSS

Every Friday we try to bring a cent each for our Red Cross fund. We have collected a big box of silver paper. We elected new officers for the second half of the year so that more boys and girls could have a turn. They are: Bertie Allan, president; Lily Kryger, vice-president; Dorothy Edge, secretary-treasurer; and Marjorie Hansen, Circulation Manager. —Muriel See.

The best knitters in our room are making face cloths to help Senior Red Cross. Several are finished. —Bernice Emerson.

We are going to publish a paper at the end of this month. The

money we get from selling it will go into our Red Cross fund.

Bertie Allan is editor-in-chief. Muriel See is literary editor, Alice Nicholl will collect school news, Paul Money is art editor and Mildred Carmichael will collect things for Fun and Frolic. —Paul Money.

WAR SAVINGS

Each of us has a tin bank. Some of us made our own. We have "Savings" booklets. We put down the number of cents we have. Then when we have 25c we get a War Savings stamp. We keep a record in our rooms.

VALENTINE'S DAY

On Valentine's Day we are inviting our mothers to see the work we have been doing. We have decorated our room with new curtains of white paper streamers with a red heart cut out frilling at the top and red heart tie-backs. They are very pretty. —Muriel See

AN ACCIDENT

Last week I fell on my knife and cut my neck. It was not very serious. Mr. Stech fixed it up and then took me home. The boys in our room are very careful with knives now. —Arthur Sandstrom

GRADES III AND IV

We have made a cave-man project. The boys gathered moss and trees for the cave-man's country. They made caves from stones and clay. They made fires in front of the caves. They made a drinking place for the cave-men by covering over a tin of water. The girls made animals. Sabre-tooths, cave bears and others. They made traces of the cave-people carrying wood, hunting, dressing skins and feasting. We also made some large wall-pictures of homes, clothing, food and hunting of the cave-men. We made a display of pre-historic animals and weapons of the cave-men from clay. We are having fun making these. —Alice Dorothy, Bertie, Mildred and Paul.

GRADE II

Grade two made a farm for Grade one's playhouse. Edward made a big red barn. We made a pigpen for the pig. We have wooden cows and horses on the farm. We planted wheat for them. We put water on it every day. It grew fast. We let Grade One boys cut it. They like to play on our farm. —Bobby, Shoichi, Edward.

GRADE ONE

We made a playhouse for the little men Miss Smith brought. It is painted green. We papered the rooms. We made chairs, beds, tables, piano, chesterfield, stove pictures and windows with window boxes for our playhouse.

Huntingdon School

ART

All the children are making Valentines. With some we are decorating our room. Some we will give to our friends on St. Valentine's Day. —Wilson Augustine, Grade 3

ST. VALENTINE'S DAY

We are going to have a program Candy Sale and Valentine Tea on the afternoon of Feb. 14. The money which we make will be used to buy things for the school. —Elsie Rolis, Grade 4

COCOA

We have cocoa every day for lunch. We eat our lunch in the Junior room. After lunch the pupils take turns washing the dishes and sweeping the floor. —Jerry Ast, Grade 2

SOCIAL STUDIES

We are making an Eskimo village. We make homes of flour and salt and water. We have cotton for snow. We made Eskimo sleds and animals. We put men on the ice fishing. We put boats in the sea sailing. We are making things out of clay. —Barbara Croke, Marjory Styles, Clarence Zurowski, Grade 3.

MUSIC

We have singing every day. We listen to the radio broadcast every Tuesday. When we hear the instruments being played we try to guess what it is. —Masako Tsuchihashi, Charlotte Crouter, Gr. 3

STORIES

Every afternoon our teacher reads to us. Some of the stories we have heard are Hansel and Gretel, Snow White, The Adventures of a Brownie and Brave Little Tailor. —June Benz, Joy McChatter, Grade 2.

PLAYS

One day we read the story of "The Shoemaker and the Elves." We had two Elves, a boy for the shoemaker and a girl for the wife. We had some clothes to dress in. We used some plasticine for meat. The shoemaker made shoes for the Elves. The wife made two suits for the two Elves. —Alberdina Shaart, Moira Harris, and Edward Bauman, Grade 2.

Some of the Grade 3 pupils made plays from a part of the story of "Alfred the Great." Two captains, Margaret and Joyce were chosen. We divided the pupils into two

groups. First Margaret's group gave their play. Then Joyce's group gave theirs. The captains then went to the front of the room. The class voted to see which play was the best. We decided that Joyce's was the best. —Margaret Shaart, Joyce Shore, Grade 3.

WRITING

Grade three are using ink. When you use ink you must not press heavily. Do not get too much ink on your pen. Do not blot until you have finished writing on the page. We are all trying to do our very best writing. —Michael Harris, Gr. 3

READING

Grade I has some new readers. We like our new readers very much. We try very hard to read a little better each day. —Grade 1.

GAMES

We have been playing football all winter. Now that the weather is so nice the boys are playing marbles every day.

The girls play hopscotch. Soon we shall be playing softball. —Douglas Benz, Donald Kindred, Grade 3.

GRADE 4

We all like Valentine cards. It is great fun to make them. We trace the outside of a bought card. Then we draw the middle part. I have drawn a policeman with a funny face. He has a club in his hand. My mother painted this valentine for me at home. —Gay McPhatter.

We all play marbles at school. First, one of the players makes a ring on the ground. Then each of us puts one or two marbles into it. Someone makes a line about five feet away. The players lag to this line. The one who comes the closest, shoots first. —Ronald Benz.

GRADE 5

We have fretwork every Friday. In the basement. We are making a book stand which comes apart. I have varnished mine and have been waiting for it to dry. Mr. Jones says that when we are finished we can make a pants creaser. —Alec Mawson.

I like to read library books. I think every one in our school does. Mr. Jones has a few of his books here too. They are very interesting. We have fifteen minutes every day for library reading. I am reading "The Coral Islands." —Richie Crouter.

GRADE 6

We have fretwork every Friday. We are making a book stand. It is made of four pieces of three-ply which can be taken apart and put together again. It is two feet long and will hold about twelve books. At the end of the school year we will take it home. —Tom Hoffman.

GRADE 7

While coming to school I've seen many signs of spring. The pussy willows are out. Some daffodils are pushing up out of the ground. Also I have seen buds that have broken and the leaves were forming. —Michael Sterry.

We are going to have a Valentine Program on Friday, Feb. 14. We are going to have some of the plays that were to have been used for the Christmas concert. It was impossible to have our concert because of the weather. —Continued on Page Seven

20,000th Ford Assembled in Vancouver

VANCOUVER: The 20,000th Ford car to be completed in British Columbia is shown above as it rolled off the assembly line in the modern plant of Ford Motor Company of Canada, Limited, at Burnaby. Standing beside the car are, left to right, H. R. Cottingham, manager of the company's Vancouver branch; Clarke Simpkins, assistant manager, and J. Latremouille, plant superintendent. With its number, which marks history in provincial industrial development, lettered on its sides, this grey Super De Luxe Fordor Sedan, as a branch car will eventually visit all British Columbia points in which Ford dealers are located. The Burnaby plant is one of three branch assembly plants operated in the Dominion by the Canadian Ford organization.

This new portrait of Princess Alice, Countess of Athlone, shows her royal highness photographed in the uniform as matron-in-chief of the Canadian girl guides.

M-S-A School Area Given Page Feature In Vancouver Daily

Nearly a page in the Magazine Section of the Vancouver Daily Province of Saturday, Feb. 8, is devoted to an illustrated article by Christie Harris (Mrs. Tom. Harris of Huntingdon) featuring the M-S-A Educational Area. The 8-column "head" to the article says "Day of Little Red Schoolhouse is Passing in Fraser Valley" and the subhead sums up a very readable story in this pithy manner: "Matsqui-Sumas-Abbotsford Amalgamated as a Demonstration Area, Find Economy and Increased Advantages Result From Wider Distribution of Responsibility." Pictures include a view of the Philip Sheffield auditorium-gymnasium and the domestic science and manual training annex, a group of girls in domestic science class and several boys at a work bench. The caption given to the latter pictures is "Fraser Valley girls in smart uniforms learn the intricacies of cooking in their newly-equipped domestic science room. Intent on their plans are these Fraser Valley boys whose workshop is also re-equipped."

GENERAL ASSEMBLY

An assembly was held in the auditorium on Friday, Feb. 7, for the purpose of giving information about the War Savings drive. Mr. A. S. Towell, director of education, spoke of a plan to supply each pupil in the district with one War Savings Stamp. Mr. Burton, principal, expressed the hope that the council would be able to dispose of more than their present objective of \$250 worth of stamps. Margaret Weir announced a poster contest with prizes in stamps. Donald Shogren thanked Mr. Towell and Mr. Jones for supplying the council with a booth to be placed in the main hall.

HOME ECONOMICS

Miss McLennan, director of Home Economics in the Province, visited the "home ec" girls of this school on Thursday, Feb. 6. The object of the visit was to inspect the 28 Grade 11 and 12 dresses made before Christmas. Miss McLennan highly approved of the garments.

TEACHERS vs. STUDENTS

On Feb. 10, a basketball game was played by the teachers and students' council. The pupils won by a score of 9-4. As each spectator paid his admission he was given a hot dog which had been prepared by the boys of the cooking club. Later the boys sold some of the hall. Proceeds of the game were put into War Savings Stamps.

cause of people being sick with influenza. We hope that we will have a good day and a large crowd. The ladies of the P.T.A. will serve tea after the program.

—Murray Martin.

At school, on a sand table which is filled with earth, I am making the Peace River District. Earth is used instead of sand because it will stick better when building up the mountains. The river runs through the middle of the table. South of the river are a few steep mountains on which runs a winding road. North of the river are a few farms which are surrounded by fences made of string instead of barbed wire. A reservoir made of paper is on top of the hill and supplies the farms with water. I made a little wooden boat for a ferry to carry the people across the river.

—Frank Thieson.

Weather Man: "Put down rain for a certainty this afternoon."

Assistant: "Are you positive?"

W.M.: "Yes, indeed. I've lost my umbrella, I'm planning to play golf and my wife is having a garden party."

RED CROSS News Notes

PROVINCIAL MEETING

Norman Sommerville, K.C., Toronto, chairman of the Central Council of the Canadian Red Cross Society, will attend the annual meeting of the B.C. Division of the Canadian Red Cross Society. The gathering will be held in the Hotel Vancouver, Tuesday and Wednesday, Feb. 18 and 19. Red Cross branches in every part of the province are sending official delegates, who will spend two days reviewing both war and peace-time Red Cross activities of the past year. They will discuss budgets and policies to perfect the organization to meet expected heavy emergency demands. They will elect provincial officers. They will visit Provincial Red Cross Headquarters in the Marine Building, where they will see Red Cross supplies being packed for overseas. Displays arranged by each Red Cross department will be featured. These displays will include surgical supplies, refugee garments, knitted articles for the army, navy, air force and Women's Territorial Service, many articles made by Junior Red Cross members, a model and photographs of Red Cross Outpost hospitals and cans of food products conserved under the Red Cross Food Conservation project.

WORK INCREASED

Trail Red Cross branch reports a speedup of approximately ten times its output of work over a similar period last year. In 1940, two months prior to Jan. 16, 1940, the branch shipped 379 articles to Provincial Headquarters and two weeks before Jan. 7, 1941, the shipment was 911 articles.

ALMOST PERFECT WORK

Vanderhoof Red Cross branch is proud of its record of good work. Out of 4170 articles shipped to headquarters only one pair of socks was returned for a slight alteration.

SKI CLUB HELPS

Amber Ski Club at Princeton put on a most successful ski exhibition for the local Red Cross branch. Excellent snow conditions prevailed.

CHILDREN KEEN

Hammond Red Cross unit reports the children just as keenly interested in Red Cross doings as the grown-ups that a boy, Richard Salter, raised \$2.10 by the sale of the following home-made articles: three recipe books, five pairs of curtain tie-backs and nine needle cases.

MORE READERS

At the annual meeting of the Board of Management of the Vancouver Island Union Library held in Nanaimo, Miss Marjorie Lague, Librarian, reported a smaller circulation of books but more members using them. The figures were circulation: 141,228 in 1939 and 134,224 in 1940, but the number of borrowers had increased from 6663 to 9042.

The "Mix 'em or Match 'em" theme for skirts and blouses is stronger than ever.

TESTED RECIPES

CAKE RECIPES

A moist, tender, light cake always brings satisfaction and when that cake is inexpensive and pleases the eye it is a joy to the heart of any cook.

The following recipes are recommended by the Consumer Section, Marketing Service, Dominion Department of Agriculture:—

Apple Sauce Cake

1 cup shortening
1 cup sugar
1 1/2 teaspoon salt
2 teaspoons baking powder
1 1/2 cups apple sauce (unsweetened)
2 cups flour
1/2 teaspoon cinnamon
1 cup raisins

Cream shortening. Add sugar, salt and apple sauce. Sift flour, soda, cinnamon and baking powder. Add to apple sauce mixture. Mix well. Add raisins. Turn into a greased loaf pan. Bake 40 minutes at 275 degrees F. For icing mix 4 tablespoons apple sauce with icing sugar to a consistency which will spread easily. After icing, sprinkle top lightly with cinnamon.

Apple Blush Cake

2 apples
1 1/4 cups sugar
1/2 cup water
1 egg
2 tablespoons shortening
1/2 cup milk
1 cup flour
2 teaspoons baking powder

Pare, core and quarter apples. Make a syrup of 1/2 cup sugar, 1/2 cup water and sufficient red colouring to make a bright red. Boil 5 minutes. Add apples. Cover and cook until tender, but not broken. Arrange drained apples in greased cake pan. Reserve the syrup.

Melt shortening. Add 1/4 cup sugar, egg and milk. Beat vigorously for 2 minutes. Add flour sifted with baking powder. Beat 1 minute. Pour over apples. Bake 25 minutes at 375 degrees F. Turn

out. Boil the syrup drained from apples 5 minutes. Pour over apples on cake.

Raspberry Cake

1/2 cup shortening
1/2 cup brown sugar
2 eggs
1/2 cup sour milk
1/2 cup juice from canned raspberries
2 cups flour
1 teaspoon baking soda
1/2 cup raspberries

Cream shortening and sugar. Break in 1 egg. Beat well. Add other egg. Beat again. Add milk. Sift soda with flour. Beat half quantity into mixture. Add fruit juice, then remaining flour. Fold in berries very carefully. Bake in a loaf pan 45 minutes at 325° F.

Strawberry Meringue Squares

3 tablespoons butter
1/2 cup brown sugar
3 tablespoons milk
1/4 cup jam
2 egg yolks
1 cup flour
1 teaspoon baking powder
2 egg whites

Melt butter. Add sugar, egg yolks and milk. Beat until light. Add flour sifted with baking powder. Mix well. Press into a square cake pan (about 7"x7"). Beat egg whites very stiff. Add jam. Beat well. Spread on cake mixture. Bake 35 minutes at 350° F. Cool. Cut in squares.

Sponge Cake

1 cup sifted flour
1/2 teaspoon salt
5 eggs
1 cup fruit sugar
1/4 teaspoon cream of tartar

Flavouring

Beat egg yolks until very light. Add 1/2 cup sugar. Beat until sugar is dissolved. Beat egg whites until stiff. Add cream of tartar and 1/2 cup sugar. Beat until smooth and stiff enough to hold in peaks. Add egg yolks. Fold in flour which has been sifted 3 times. Add lemon or almond flavouring. Bake in an ungreased tube pan 1 hour at 325° F.

M.S.A. BRANCH Red Cross Headquarters NOTES

(Contributed)

AUXILIARIES

Presidents of auxiliaries attached to this branch please note that they are now on the executive and that regular meetings will be held on the 3rd Tuesday of each month at 3 p.m. in the Health office. If the president is unable to attend, please send a substitute, as in this way there will be closer co-operation between the auxiliaries and branch headquarters in the M-S-A Area.

ANNUAL CONVENTION

The date of the annual convention to be held in Hotel Vancouver has been changed from the 20th and 21st to the 18th and 19th to take advantage of the presence in the west of Norman Sommerville, K.C., chairman of the national council. Delegates please note the change.

FASHION PARADE

Plans for a fashion parade in aid of our branch are being made by the Knitting Needle Ltd. in co-operation with the Philip Sheffield high school. Anyone who as an old-fashioned costume, please get in touch with Mrs. Heelas, who is in charge of this department. The date is set for March 12 in the auditorium.

RAFFLE

The articles on display in J. S. Daly's window to be raffled were obtained in the following manner: Mrs. Mouldy made the quilt, Mrs. Shore made and donated the satin cushion, silver candle sticks from Mrs. Hulton-Harrop and the camera donated by Mr. Joe Kenter.

WORK ROOM

Additional shelves were needed in the work room and we would like to take this opportunity of thanking the Abbotsford Lumber Co. who donated the lumber, and Mr. H. Amos who donated nails and the labor.

SWEATERS AND SOCKS

Would knitters please note the following: Socks are still coming in to the work room plentifully supplied with knots which are sometimes very difficult to remove—frequently requiring ripping the entire sock. Also toes simply must be finished by grafting. Please do not make the necks of sweaters too low. If directions are followed this would not occur. Splice the

year for the purchase of non-fiction books.

RE-ELECT OFFICERS

The officers of the board were unanimously re-elected and consist of: J. W. Winson, Chairman; Reeve S. Mussallem of Maple Ridge, vice-president; G. F. Pratt, treasurer. The executive also includes Reeve W. T. Richardson of Chilliwack and Councillor Percy Hill of Mission municipality.

Mr. Pratt was thanked by the board for his services as treasurer for the last four years. The re-election of Mr. Winson to the chairmanship is for the third consecutive time and tribute was paid by the board to his interest in and work for the library. The board complimented the staff on efficient and economical service and expressed satisfaction with the way the library was being managed.

Afternoon tea was served to the meeting by the Abbotsford Women's Auxiliary to the M-S-A Hospital.

GALLOWAY—WINSON

St. Anne's Church, Sumas, Wn., was the scene of the wedding of Miss Daphne Winson, younger daughter of Mr. and Mrs. J. W. Winson of Huntingdon, to Mr. Casper Galloway, son of Mr. and Mrs. S. Galloway of Deming, Wn., on Tuesday, Feb. 4, at 9:30 a.m., the Rev. Father Foley officiating.

The bride wore a dress of Victoria blue, with hat to match, trimmed with pink roses, white gloves and blue shoes. Her corsage was of white gardenias and pink bavardia. Her bridesmaid was Miss Genevieve Galloway, sister of the bridegroom, in rose pink with turban of Victoria blue. Mr. J. Straka of Columbia Valley acted as best man.

After the ceremony, the two families went to the Grand Hotel in Sumas for the wedding breakfast. Father Foley proposed the toast to the bride and the bridegroom responded with a happy little speech.

When starting for her wedding trip, which will be spent touring Oregon, the bride donned a teal blue coat, trimmed with black astrakan.

On their return the young couple will reside at Sumas, Wn.
